PROFESSIONAL SUMMARY

A results-driven AI Builder and Full Stack Developer specializing in AI-powered systems, automation workflows, and scalable web applications. Proficient in designing and deploying intelligent chatbots, RAG systems, and multi-agent workflows using LangChain, LangGraph, and FastAPI. Combines a strong self-taught backend foundation with comprehensive frontend skills gained from the ALX Software Engineering program. Highly adaptable with a unique background in healthcare, bringing empathy, calm problem-solving, and a user-centered approach to delivering production-ready software for startups and digital businesses. Fluent in English and certified in German (B2 Level).

TECHNICAL SKILLS

- **AI & Automation:** LangChain, LangGraph, Multi-Agent Systems, LLM Integration, RAG Systems, Prompt Engineering, Autonomous Agents
- **Backend Development:** Python, Node.js, Express.js, FastAPI, RESTful API Design, Server-side Programming
- **Frontend Development:** React.js, JavaScript (ES6+), HTML5, CSS3, Responsive Web Design
- **Database & Deployment:** SQL/NoSQL Databases, Version Control (Git/GitHub), Web Deployment, Scalable Architecture
- **Soft Skills:** Problem-solving, Technical Documentation, User-centered Design, Adaptability, Empathy
- **Languages:** English (Fluent), German (Goethe Zertifikat B2 Level)

PROFESSIONAL EXPERIENCE

Freelance Software Developer & AI Builder | *Independent Projects* | 2023 – Present

- Build responsive web applications for businesses and personal brands, delivering scalable digital solutions for startups and independent clients.
- Develop automation systems and AI-powered workflows using LangChain and LangGraph.
- Design and deploy modern React applications with clean, scalable, and maintainable architecture.
- Integrate robust backend APIs, payment systems (e.g., M-Pesa), and client dashboards into production-ready apps.
- Build multi-agent systems utilizing LLM workflows, function calling, and prompt engineering to solve complex business problems.

Care Assistant | *Mt Sinai Hospital & Community (Thika, Kenya)* | Sept 2023 – Nov 2023

- Provided compassionate patient support, including medication management, hygiene, and coordination with medical teams.
- Navigated high-pressure environments, sharpening attention to detail, calm problem-solving, and deep user-empathy—qualities brought into every software engineering project.

KEY PROJECTS & SHOWCASE

- **AgentFlow AI (Multi-Agent Platform)**
 - *Tech Stack:* LangGraph, FastAPI, React
 - Developed a production-ready AI agent system featuring intent routing, tool-calling agents, multi-step reasoning, and a premium React chat interface.
- **PDF Question-Answer Bot (RAG System)**
 - *Tech Stack:* LangChain, Vector Embeddings, OpenAI API
 - Engineered an AI chatbot powered by Retrieval-Augmented Generation (RAG) that allows users to upload any PDF and ask natural language questions for accurate document Q&A.
- **AI Customer Support Assistant**
 - *Tech Stack:* LangChain, LLM APIs
 - Built an automated customer support chatbot utilizing function calling to intelligently route queries, answer FAQs, and escalate to human agents when needed. Designed for SaaS and e-commerce platforms.
- **Payment-Gated Mobile Commerce Platform**
 - *Tech Stack:* JavaScript, Frontend Technologies

- Developed a promotional site featuring bundle display, M-Pesa payment simulation, and WhatsApp integration, designed for realistic UX flows in mobile commerce.

EDUCATION & CERTIFICATIONS

- **ALX Software Engineering Program** | *Online* | Completed
 - Frontend Web Development Track
- **Self-Taught Backend & Full Stack Development** | *Project-Based Learning* | Completed
 - Independently mastered Node.js, Express.js, Python, FastAPI, REST APIs, databases, and full-stack deployment.
- **Goethe Institut** | *Certified*
 - German Language B2 Level Certification (Deutschkenntnisse auf B2-Niveau)
- **American Heart Association** | *Certified (Aug 2023)*
 - Basic Life Support (First Aid) Certification
- **Mururia Boys High School** | *Kenya* | Completed
 - Kenya Certificate of Secondary Education (KCSE)
